COVID-19 Preparedness

Dear Residents:

During these challenging times, we not only want you to take good care of yourselves, but we want to share the actions we have taken to safeguard our valued residents and associates.

Effective immediately, both pools of the community have been closed until further notice.

We have increased the frequency with which our common elements such as laundry machines, hand rails, mailboxes, and guard house are cleaned and disinfected.

All of our staff, including the guards, have been instructed to wear disposable gloves and wash their hands frequently.

In an abundance of caution, we kindly ask all of our residents to please reduce the number of guest invited into the community. If you are sick or have been in contact with someone who is infected, please stay home in isolation. These measures will help protect other people in your home and community by reducing the spread of this virus.

We are diligently monitoring and proactively heeding the advice of federal, state and local health officials. Please stay alerted and well informed. We will continue to communicate any important information via email and through the community website at [www.doralgardenscondo.com](http://www.doralgardenscondo.com).

On behalf of your board of directors and management company, we wish for you and your loved ones to stay safe during these uncertain times. If you have any questions or concerns please contact management and/or email board of directors which will be glad to assist you.

Thank you,

Exclusive Property Management Group

MANAGEMENT GROUP

Marzo 17, 2020

Queridos Residentes,

Durante estos tiempos difíciles, no solo queremos que se cuiden bien, sino que queremos compartir las acciones que hemos tomado para proteger a nuestros valiosos residentes y asociados.

Con vigencia inmediata, ambas piscina de la comunidad se han cerrado hasta nuevo aviso.

Hemos aumentado la frecuencia con la que se limpian y desinfectan nuestros elementos comunes, como lavadoras, pasamanos, buzones y caseta de vigilancia.

Todo nuestro personal, incluidos los guardias, han recibido instrucciones de usar guantes desechables y lavarse las manos con frecuencia.

Con mucha precaución, le pedimos a todos nuestros residentes que reduzcan el número de invitados a la comunidad. Si está enfermo o ha estado en contacto con alguien infectado, quédese en casa aislado. Estas medidas ayudarán a proteger a otras personas en su hogar y comunidad al reducir la propagación de este virus.

Estamos monitoreando diligentemente y atendiendo proactivamente los consejos de los funcionarios de salud federales, estatales y locales. Manténgase alerta y bien informado. Continuaremos comunicando cualquier información importante por correo electrónico y a través del sitio web de la comunidad en [www.doralgardenscondo.com](http://www.doralgardenscondo.com).

En nombre de su junta directiva y compañía de gestión, deseamos que usted y sus seres queridos se mantengan seguros durante estos tiempos inciertos. Si tiene alguna pregunta o inquietud, comuníquese con la administración y / o la junta directiva por correo electrónico, que con gusto lo ayudarán.

Gracias,

Exclusive Property Management Group
